

Seats For Seniors's challenge details for challenge: [Solar Prize Round 6](#)

Generated at Mon Oct 03 2022 19:26:46 GMT-0400 (Eastern Daylight Time)

Explanation

We are in need of technical assistance to help prepare the energy capacity that is needed to ensure that all components for our project can/will function appropriately .

Key Needs

- Testing and Validation (5 / 5): Because I want to make sure that once we have the technical aspects of the design completed that it can be validated to ensure that all components of the project are fully functional.
- Technical Analysis (5 / 5): Because I've got to complete the project on time.
- System Design (5 / 5): Because I've got to complete the project on time.
