

UCLA Cleantech Advantage

As the country's #1 Public University, with world class researchers across our campus, UCLA is uniquely able to bring together the best experts and researchers in cleantech innovation, and provide them with the business resources housed within the Venture Accelerator at UCLA Anderson.

- ✓ Reknowned faculty and researchers from across UCLA.
- ✓ Regional partnerships with LACI, the Alliance for SoCal Innovation, the Port of LA and more.
- ✓ Established program staff and strong entrepreneurial ecosystem in Los Angeles and across southern California.
- ✓ Located in a port city with large local blue economy.
