

# Zpryme's Virtual Incubator

A 12-month, zero -equity virtual incubator for Texas-based hard tech teams/startups in the Energy industry and provide sector-specific support.

Our mission is to build a sustainable ecosystem that can connect, support, and inform teams/startups to enhance talent, encourage innovation and entrepreneurship, and drive economic growth across Texas.

- **Validate:** Help Texas-based early-stage teams/startups vet hard-tech solutions
- **Scale:** Work with ideation/early-stage, pre-seed teams/startups that have yet to scale and find significant investment
- **Incubate:** Nurture solutions that are focused on hard-tech within the clean technology sector
- **Enhance:** Support the entrepreneurial and innovation ecosystem across Texas by equipping founders with entrepreneurial skills and supportive programming
