

COMMUNITY SOLAR LAUNCH

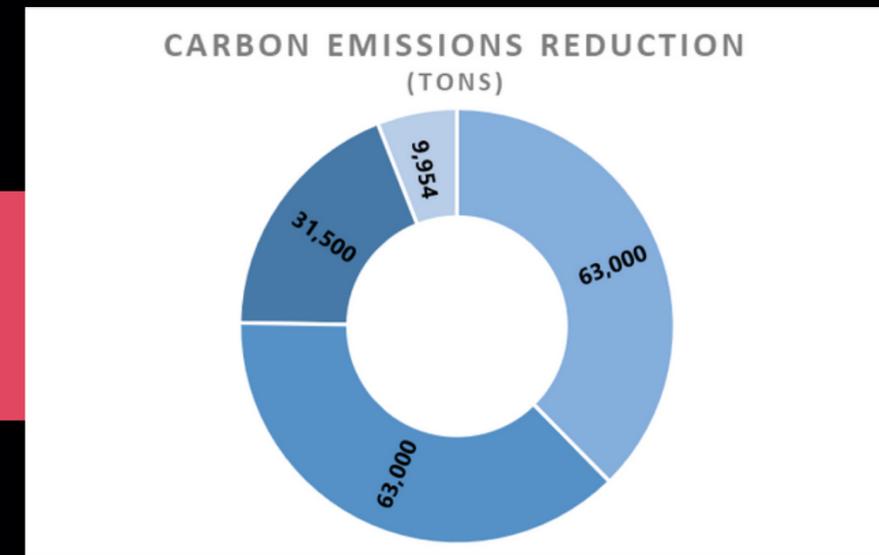

Clean Power for All

Spatialist LLC and High Castle Solar will create 5.3 Megawatts of community solar power on four sites in the next three years

Community + Equity

We will bring resilient solar power and energy savings of at least 20% to 800+ households including 400+ low-income households

Meaningful Benefits

We will deliver workforce development benefits to disadvantaged businesses while reducing carbon emissions by 167,000+ tons
