

BLUESWELL/PATHS TARGETED INTERNSHIP

Through the EPIC Prize, BlueSwell is partnered with UMASS Boston and the PATHS program to provide bluetech opportunities to students of color in Computer Science and Engineering degrees

GOALS

Increase the capacity of startups working to provide clean, ocean—based energy or decarbonize ocean industries

Provide students hands-on experience with career opportunities in bluetech

Through enhanced mentorship and support, retain interested BIPOC students in STEM fields helping to diversify the bluetech field to include more BIPOC individuals.
