

**We call our partnership the Morris Model ([morrismodel.org](http://morrismodel.org)) – including the city, school, campuses, county and more! Our partnership is nationally recognized as a sustainability leader!**

**Our Prize application is focused on 3 broad goals in our community: expanding solar PV, implementing energy storage, and increasing our public engagement. We propose 4 new solar projects across the city, our campuses, and the school district, 2 new energy storage projects, and 3 public engagement initiatives, focused on clean energy outreach, energy storage, and youth engagement.**
