

## Mission Statement

Design, fabricate and deliver residential and small commercial solar canopy products that provide installers and property owners options in solar racking.

## Values

Purpose: Combating climate through quality product offerings.

Product: Streamlining products and services not present in the solar market.

People: Building a diverse work culture that gives employees opportunities to succeed.

## Team

T.R. Ludwig - Chief Executive Officer,

Gaelen McKee - President

Michael Chambers - Product Manager

## Product Portfolio - Tech Specs

### Post-Truss

### A-Frame

## Problem

No significant solar product companies servicing installers elevated racking or solar canopies in residential and small commercial market.

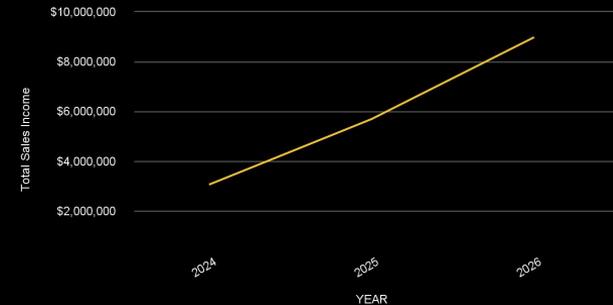

## Advantage

9 years of experience delivering 100+ canopy solutions to flat urban rooftops in New York City.

## Solution

B2B model, targeting solar installers in major markets to educate on our product portfolio and sell to their customers.

### TOTAL SALES INCOME IN THREE YEARS

Materials	Aluminum (6061, GA.)	Aluminum (6061, GA.)
Snow Load	0 - 25 psf	0 - 70 psf
Wind Load	0 - 117 psf, Exposure 'B'	0 - 200 psf, Exposure 'C'
