

Achieving Solar Communities For Equity

remcoop

- La Margarita is a community-based organization located at Salinas, Puerto Rico.
- Abeyno Coop is a certified Solar Cooperative by the Negociado de Energia de P.R.
- Our main goal is to increase energy resiliency in our disadvantaged community creating a Solar Community project with at least 1 MW.
 - (1) Planning
 - (2) Ownership
 - (3) Education
 - (4) Implementation
- Five Meaningful Benefits:
 - ✓ Household Access for everyone including seniors, women, and low-income members.
 - ✓ Photovoltaics system with battery backup grid-tied system.
 - ✓ Reduce the cost of electric power services.
 - ✓ Provide energy services in a continuous, stable, efficient and reliable manner.
 - ✓ Educate residents of the advantages of renewable energy system and how to have ownership of the solar system.
