# Solution: Revolutionary BMS Enabled Extended Life BESS

Life Optimization
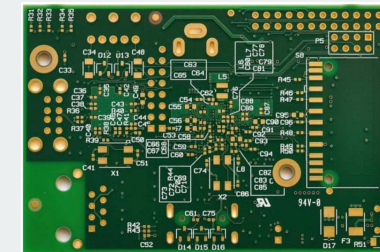

Battery performance and lifetime optimization through innovative hardware and software management

Conventional

Relyion

Longer and Deeper = Extended Life and Optimized Performance

03

## Purpose-built Controller/BMS (Cost Efficient)

For new and second-life batteries extends the life of the entire system, despite widely-varying battery SOH

Illustrative purpose only

Plug-&-play Platform (Supply)

Works with any model from any battery OEM, at any state of degradation- new or used

OEM   Size   Chemistry

Size   Form Factor   SOH
