

# Manufacture of Advanced Key Energy Infrastructure Technologies (MAKE IT) Prize

## Facilities Track—Phase 2: Shovel-Ready Checklist

Be sure that your Phase 2: Shovel-Ready submission includes all of the following (full descriptions of each item are in the [Official Rules Document](#)):

- **Cover page**
  - List the basic information about your submission
- **Summary slide, updated (will be made public)**
  - Create a public-facing, one-slide summary that introduces your team and project
- **Narrative document, updated**
  - Discuss all topics listed in Section 5.6.3 of the Rules Document
- **Proof of secured site for construction**
  - Demonstrate proof of legal control of the site selected for construction
- **Proof of secured permits and finalization of environmental reviews**
  - Provide details on fulfilled permitting and environmental review requirements
- **Working financial model and identification of resources**
  - Include complete financial model, budget for construction, and necessary resources identified

- **Engineering, procurement, and construction contracts and integrated project schedule**
  - Demonstrate your readiness to proceed with construction work by submitting strong engineering, procurement, and construction contracts with creditworthy firms
- **Proof of committed sources of financing**
  - Clearly substantiate all sources of financing secured to begin construction
- **Community benefits plan, updated**
  - Update the Phase 1 community benefits plan with suggested content from the Rules Document
- **Cybersecurity plan**
  - Submit a cybersecurity plan following the provided [template](#)
- **Supporting documentation (optional)**
  - Include any supporting documentation (in a single pdf document) that demonstrates a likelihood of ultimately establishing a domestic clean energy manufacturing facility

Please read and comply with additional requirements as described in the [Official Rules Document](#).

**COMPETITORS THAT DO NOT COMPLY WITH THESE REQUIREMENTS MAY BE DISQUALIFIED.**
